## TERMS OF SALES

These conditions apply to the sale of advertising space in products derived from the International Multihull Show (print and digital communication tools, etc.) as well as on the website accessible at the address [https://www .multihull-online.com/fr/](https://www.multihull-online.com/fr/).

The derivative products and the website of the International Multihull Show are hereinafter referred to as: "Communication tools". Any request for advertising insertion in the communication tools of the International Multihull Show is deemed firm and irrevocable by the advertiser as soon as it is recorded by M2Organisation. If this request is made by an agent, it is jointly binding on the latter and the advertiser, in particular for the proper payment of this advertisement. The agent must act under cover of notification by the advertiser who must specify the scope and duration of his mandate. In the event of a contradiction between these general conditions of sale and the purchasing conditions of an advertiser, it is agreed that these general conditions of sale prevail.

The advertiser undertakes to provide the documents or types necessary for the printing and/or posting online of its advertising message for the planned dates. Any technical costs will be the responsibility of the advertiser. The advertiser must respect the requirements of M2Organisation set out in its commercial documents concerning the supply of technical elements (e.g.: format of advertising banners).

If the production of the announcement is monitored by the communication services of the International Multihull Show, a proof may be presented to the advertiser who must indicate any modifications by return. Failure to return within 5 days implies tacit acceptance.

In the event of non-compliance with the delivery dates of technical elements, an announcement including the company name and contact details of the advertiser will be made at their expense. Deadline for posting online: 3 working days from receipt of technical elements.

In the event of cancellation of an order for any reason, the 50% deposit remains with M2Organisation. M2Organisation declines all responsibility for technical elements which have not been recovered by advertisers or their agents within three months from the last insertion.

The registration by M2Organization of an advertising insertion request only gives the advertiser the right to occupy the space reserved for it. The locations, forms and methods of displaying the proposed insertions as well as the related prices are detailed in the order form attached hereto.

The prices do not include technical costs such as any costs for creating and producing insertions. Apart from the locations provided for in the publication rate, no position can be guaranteed, regardless of the stipulations made by the advertiser on the advertising insertion request. The text and illustrations of an advertisement and in particular the brands and names, are published under the sole responsibility of the advertiser. In particular, any reproduction rights for photographic documents are the responsibility of the latter. The advertiser releases M2Organisation, the publisher, the printer or a third party from the civil and criminal responsibilities that they could incur as a result of the advertisements that they have published at his request.

It guarantees them against any recourse from a third party relating to the content of these advertising insertions. The advertiser therefore undertakes to ensure, at its own expense, the defense of M2Organisation, the publisher, the printer or any third party in the event that the latter are the subject of an action or claim relating to the content, to data, information, messages etc. advertising insertions and to pay the compensation due in compensation for any damage suffered. M2Organisation cannot be held liable for more than a total amount corresponding to 1/6th of the total annual amount received for the service, excluding the extension or renewal period.

Any error made by M2Organisation, the publisher, the printer or a third party in an advertisement cannot lead to its cancellation. The correction will be made in the following catalog or advertising products. No complaint will be accepted if it is not made in writing within 8 days following the date of insertion or the date of posting online.

Any delay, suspension or cancellation in the broadcast of the advertising insertion due in particular to technical failures inherent in the operation of the Internet network, external to M2Organisation and independent of its will, cannot motivate a refusal of payment, even partial on the part of the advertiser or his agent, nor give rise to the right to a new insertion at the expense of M2Organisation or to compensation, in any form whatsoever, from the advertiser or his agent.

M2Organisation cannot also be held responsible for accidental or deliberate damage caused to the advertiser by third parties due to or by their connection to the Internet network. The advertiser waives any recourse against M2Organisation or a third party, due to loss, destruction, damage or harm resulting from the interruption or disruption of the activity, caused directly or indirectly, consisting of or arising from the failure of any computer, data processing equipment, multimedia microcircuit, operating system, microprocessor (computer chip), integrated circuit or similar component, or any software, whether or not owned by M2Organisation.

In accordance with the Data Protection Act No. 78-17 of January 6, 1978, the advertiser has the right to access, modify, rectify and delete personal information that concerns him. To exercise this right, the advertiser must contact M2Organisation. M2Organisation is free to refuse, in accordance with press and publication practices, the insertion of an advertisement without it being necessary to have to justify its refusal.

Locations are assigned based on advertiser booking dates. Invoices are established based on these reservation dates and must be paid upon receipt. In the case of an advertiser using an agency mandated by him, the invoice will be sent to the agency with a copy to the advertiser. Advertisements are payable 50% of the amount including tax upon delivery of the order form and the balance upon receipt of the invoice. Failure to pay on the due date will result in the entire debt becoming immediately payable and compensation set, as a penalty clause, at 10% of the amounts due and unpaid. Any late payment will result in the application of a late payment penalty at a rate equal to one and a half times the legal interest rate. The debtor in a situation of late payment will be liable, as of right, for a fixed compensation for recovery costs of 40 euros. In cases where the recovery costs incurred are greater than 40 euros, M2Organisation may request additional compensation from the debtor, upon receipt of proof. In the event of a dispute, the Nantes Commercial Court has sole jurisdiction. Any request for advertising insertion implies acceptance of the general conditions above.
